Memorandum of Instructions

To: Arkansas Applicants to the U.S. Service Academies
From: Congressman Mike Ross

In order to be considered for a nomination, the following steps should be followed:

- Complete and submit the Application for Nomination to United States Service Academies. It is important that the form be filled out in its entirety and completed in **black ink**, neatly, or typed.
- Write a Personal Letter to me, explaining your reasons for seeking a nomination to a service academy.
- Request the three Evaluation Forms be completed by your teacher/coach, counselor/principal, and employer/minister/priest/rabbi.
- Complete a Service Academy Medical Evaluation. You will be notified, directly by the academies as to when and where to report for a Qualifying Medical Examination.
- Ask your high school (and college, if applicable) to send Official Transcripts of your classes and grades to date.
- If you have not already, arrange with your counselor to take the College Entrance Boards (SAT) or the American College Testing Program (ACT). This is important to the academies, because they utilize the test score as a primary method of evaluating candidates. If you take the tests in the spring of your Junior year you have a chance to retake the test in the fall and raise your scores. Include documentation of your scores with your transcript, or by the score results sheet.

Generally accepted levels:

		Air Force	Merchant Marine	Navy	USMA
SAT	Verbal	580	480	600	630
	Math	560	520	600	630
ACT	Verbal	24	19	26	26
	Math	25	25	30	30
	Reading	24	*	*	*
	Sci Reason	25	*	*	*

SAT 1000 combined

Averages of test, no set min.

The **deadline** for application is **October 30**.
The **deadline** for all returned materials is **November 15**.

The purpose of the nomination process is to present the academies with a group of qualified candidates from every area of the country. My nomination functions as a recommendation to the academies and my responsibility is to nominate the best qualified young men and women from the Fourth Congressional District of Arkansas. In order to do this, I ask that each candidate submit certain credentials which will be evaluated. It is then the candidate's responsibility to insure that the information is submitted by the deadline. If offered an interview, the applicant will be contacted after the last deadline.

I wish you all the best.

Nomination. To be considered for an appointment to an academy, an applicant must have a nomination from an authorized nominating source.

There are two main categories of nomination. Congressional nominations include those from the Vice President, U.S. Senators, and members of the U.S. House of Representatives. The second, service connected nominations include the selection of the President and the appropriate service (e.g. Secretary of Army). The President may select children of members of an armed force from active duty or Medal of Honor winners. The Secretary of the appropriate service may nominate for appointment enlisted members of the regular and the reserve components of the appropriate service, members of the service's own Reserve Officer Training Corps programs and Junior Reserve Officer Training programs of the other services which have been designated as Honor Unit with Distinction.

Applicants may apply for and receive nominations from multiple sources. You are encouraged to pursue as many nominations as you deem necessary. Contact the nominators as soon as possible. Their process of evaluation is a long arduous process.

After receiving a nomination to a specific academy, you will then be required to pass further examinations and screening to be offered appointment. The service academy will contact the nominee for each of the following: Educational Evaluation, Department of Defense Medical Review Board, and the Physical Aptitude.

Educational Evaluation. This is a final review of scholastic endeavors. Your high school or college grades do not cease to become important when you receive a nomination. Your test scores, ACT or SAT, are vital to the appointment process as well. If you believe that your test scores may improve, you are encouraged to take the test multiple times. Both of these are important to you future success.

Department of Defense Medical Review Board. Candidates will be scheduled to take a service academy qualifying examination at a military or civilian contract facility near the candidate's home.

Physical Aptitude Examination (PAE). Measuring strength, endurance, agility, and coordination, the service exams are designed to determine each candidate's readiness to undertake the rigorous athletic and physical education program at the academies. Each academy has its own requirements.
